

SESSION 11: CELEBRATING TOGETHER

What have you learned from this group and what are you looking forward to? When will you meet again?

Looking back on your time together as a group, how do you want to celebrate? Discuss as a group how you want to commemorate your time together:

- **When and where do you want to meet?** *(It can be the same place/same time or somewhere else, or possibly someone's home.)*
- **Do you want to keep it just to your group or invite friends and family members?**
- **Do you want to have snacks and drinks? If so, who will bring what?**
- **What keepsake will you have from your time together? Can someone make something special?** (e.g., a smooth rock with "Peace" written on one side and "Purpose" on the other)

During the ceremony, prepare to share:

- One thing you learned from the class
- One thing you are grateful for in life
- One thing you are looking forward to

Otherwise, the ceremony is all up to you all to make it special and meaningful.

Enjoy your time together!

...And plan when you will meet again in the future to continue to support each other (ideally at least once a month).
